

MMB TRAINING CENTER

Badalgaun, Dhulikhel - 8, Kavre

www.eeckavre.org

Background and Description

MMB Training Center is a multi-purpose building for all kinds of trainings. Established in 2016 by German Nepalese Help Association (GNHA) and located only 8 km distant from Dhulikhel, the facility is operated by Education Empowerment Center (EEC) Kavre, one of the local partners of GNHA.

The main hall (82 sqm) on the upper floor can be used in various ways. It is particularly suited to train teachers in Multi-Grade Multi-Level (MGML) pedagogy with its specific classroom layout. The training hall can be quickly rearranged for conference or seminar use. The center is equipped with state of the art technology.

The reason to set up the Training Center at village level was to offer a peaceful environment and a cost saving arrangement for organizations holding residential trainings. Trainees and trainers are lodged in private houses in walking distance from the training center. The local hosts also provide food to their guests. Alternatively trainers can stay in the 2 bedrooms on the ground floor of the building.

During training hours, members of the mother group offer a mid-day snack to the participants.

This arrangement is beneficial for the user because it is functional and of low cost, it benefits the local community by stimulating local economy and skills and by offering income possibilities through home stay. At the end, 10% of the home stay remuneration is donated to Binayak Bal BS as an extra school income.

GNHA is pioneer for MGML in Nepal. The location of the Training Center has got the advantage that there are partner schools in the vicinity where MGML is being practiced since several years. Visits to these schools will enable the trainees to observe real classroom situation and to learn from experienced practitioners.

Training hall of MMB Training Center
